Come celebrate our career choice and help others obtain their goals!

Student/Intern Volunteer Opportunities

We welcome student and intern participation with registration, workshop monitoring, and other convention activities. Volunteers will be reimbursed for each block of time they cover. Volunteers are assigned on a first come, first served basis.

NASP Community Outreach

During previous ISPA Conventions a community outreach event was held during the All Association Party to raise money that was donated to an organization supporting youth and their families. This year ISPA is supporting Give Kids The World Village, an 84-acre, nonprofit resort in Central Florida that provides weeklong, cost-free vacations to children with life-threatening illnesses and their families.

Workshop Content

Workshops and presentations reflect current issues in School Psychology and do not necessarily imply endorsement by the ISPA Governing Board. Certain educational sessions are financially supported by publishing companies. Authors or publishers materials are likely to be emphasized.

Continuing Education Credits

Credits are available for all participants. ISPA's CPDs meet the continuing education guidelines for both NASP and the State of Illinois (ISBE) Type 73 licensure renewal. In addition, we are also approved as an **Illinois Division of Professional Regulation CEU provider for Counselors, Social Workers, and Clinical Psychologists**. Participants in each workshop will be awarded credits based on the total length of each session. Attendees must attend the entire session to receive CPD credit. Completion of the evaluation form as well as documentation of attendance is required to receive the CPD credit. Note: To receive ISBE credit, each person's IEIN (Illinois Educator Information Number) must be on the attendance sheet of each session. This number can be obtained by logging into the State licensure system (ELIS) at: <https://sec3.isbe.net/IWASNET/login.aspx>.

Activities must address & reflect the following continuing professional development purposes:

1. Advance certificate holder's knowledge and skills consistent with Illinois Standards for which the certificate is endorsed to keep that certificate holder current.
2. Develop knowledge and skills in areas to be determined by the ISBE for all school service personnel.
3. Address the knowledge, skills, and goals of the school improvement plan.
4. Addresses the needs of serving students with disabilities, including adapting and modifying professional practices to meet the needs of students/LRE.

ISPA is a NASP approved provider. Further information can be obtained by contacting the NASP Professional Standards department at 301-657-0270 or cert@naspweb.org.

For further information – please contact Cathy Stein at cathystein2210@gmail.com.

If you are a Nationally Certified School Psychologist (NCSP) all you need to do to comply with ISBE's continuing education rules is to maintain your NCSP status and pay applicable renewal registration fees. The National School Psychologist Certification System (NCSP) recommends school psychologists develop a personal plan for the required 75 hours of professional development, thus obtaining credit from a broad range of experience and topics. NCSP's must obtain 10 of the 75 CPDs required for renewal from NASP– or APA-approved providers during each three-year renewal period.

Friendly Reminders...

The ISPA Convention is provided as an open forum and exchange of ideas and opinions. Opinions that are expressed by presenters and participants do not reflect endorsements by the Illinois School Psychologists Association Governing Board. Please remain tolerant and respectful of the opinions of others. Children and infants are welcome at the ISPA Convention as long as they are accompanied by an adult at all times and do not present as a disruption to convention activities. ISPA does not encourage the presence of infants/children in workshop sessions. Attendees with infants/children in workshops are asked to sit near an exit. If attempts to maintain infant/child behavior in such a manner as to not disrupt or interfere with the learning environment of other attendees are not successful, please leave the session and return when the infant/child is settled. In consideration of others, ISPA requests your cooperation throughout the convention to silence cell phones and respect the need of attendees to limit distractions during sessions.

Your name badge is required at all times and for all conference functions. Seating is on a first-come, first-served basis.

Individuals who need special accommodations (including physical, dietary, etc.) must indicate such requests on registration form or advise ISPA Convention Co-Chairs via email (shirleypitts_ispa@yahoo.com) no later than **January 25th**. Although attempts will be made to accommodate all requests after the deadline, there is no guarantee.

Inquire at the Registration Desk regarding Lost and Found items.

If you arrive late or are unable to attend a session through its entirety, please feel free to document the hours in which you were in attendance through use of the Self-Documentation Form. This form is provided as a courtesy in the on-site convention book.
